**Endeavor Natural Gas, LP announces latest San Miguel completions**

Endeavor announces results of recent San Miguel Horizontals in Maverick and Dimmit Counties. The 3401H and 3402H were drilled from a two well pad on the 17,000 acre Serena Ranch lease in Maverick County. Completed in the second quarter of this year, the two wells have a combined 8,017' of lateral landed at a TVD of 3,300'. The 24 hour test rate was 1131 BOE (96% oil) and the 30 day average rate was 706 BOE per day. In addition, 10 miles to the north in Dimmit County, Endeavor's Cundieff 3001H tested at a 24 hour rate of 351 BOPD (75% oil), with a 30 day average rate of 328 BOEPD. The Cundieff 3001H has a completed lateral length of 4142' landed at a TVD of 2730'.
