Endeavor Natural Gas, LP announces latest San Miguel completions on the Hamilton Ranch

Endeavor announces results of three recent San Miguel horizontal wells in Dimmit County on its 15,000 acre Hamilton Ranch lease. The Hamilton Ranch A 447H had a 30 day flowing IP of 346 BO and 502 MCF per day from a 3046' completed lateral at a TVD of 3,200'. Also on the Hamilton lease, four miles to the north, Endeavor completed the HR B 108H and the HR C 205H as opposing laterals on a single pad. The wells had a collective 30 day IP of 516 BO and 1.2 MMCFD from a combined completed lateral of 4785'.
